Nancy Schmidt VGM

An unexpected learning opportunity as come up for our INRA members. Take advantage!!

INRA will be offering a two day, weekend class with Gold Medalist Nancy Schmidt in the OS style. Several people expressed interest in this style at our February General Meeting and Nancy has graciously agree to take two days out of her busy teaching schedule to teach this class. Nancy is an exception rosemaler and Os is a style she teaches often.

Register today to save your place. Supply list and instructions for backgrounding and pattern will be sent upon registration. We are asking for students to come with woodenware backgrounded and pattern in place so the class can get the most out of the time we have.

Pictures are for illustrating style only, not the class project.
